17 April 1952

MEMORANDUM FOR: Chief, International Organizations

FROM: Deputy Director Central Intelligence

25X1 1. This morning I discussed with the Director the question of further support for Project [redacted], and he agreed that we should proceed as indicated in the memorandum of 24 March 1952 from Mr. [redacted] as approved by yourself, ADPC, DD/P, and the undersigned, and the memorandum of 15 April 1952 from Mr. Saunders. 25X1

2. Under the circumstances and since this is merely the carrying forward of an existing project under which we have continuing responsibilities, no further approvals need be sought by you unless it is required from an accounting standpoint, which kindly clear with Mr. Saunders.

25X1 3. DD/P now has under discussion with Mr. [redacted] the question of possibility of getting [redacted] funds to help cover the expenses in whole or in part of this operation, but if these funds are not available we should have to proceed in any event. 25X1

4. By June 1st, I desire a thorough review of this subsidy which should be carried out through the regular channels of the PRC so that we can decide well before July 1 as to our future course of action.
